CHARLOTTESVILLE. VA. Nov. 17.—
Coach Sanford is just back from Chapel

teams play to a standstill. He took
charge of his wards this afternoon and
worked them until the sun was far down
behind the Blue Ridge. Speed was the
watchword for the afternoon practice,
and for half an hour Sanford tried to
get the plays run off with rapidity.

Evidently the Tar Heels made a fine
impression on the ceach, judging from
the amount of work he gave the "Varsity.
The whole list of scrubs was lined up
against the "Varsity, the ball always in
the possession of the regulars, with instructions to rush it for all they were
worth. Dobson, Pinkus, Springer and

desperate.

JOSEPHINE BURNETT.

Getting back the "old vigor."

Nothing causes so much discouragement, blues and despondency as the realization that one is "not so vigorous as a year ago."

The great trouble is that people in a run down condition usually sit back for a while and wait and hope that they will feel better soon.

Hoping will not restore the tired nerves to their true strength.

The nerves are tired and sick-they have been abused and they won't do their work in the right way until they have been fed new power and built back to their old strength; then you will feel the old vigor again.

You can get back the "old vigor" with Paine's Celery Compound quicker than in any known

way.

The reason is—Paine's Celery Compound feeds new power to your nerves. It gives them vitality and strength. Get your nerves right and your "vigor" will be right. "Restoring a worn-out person to the old vigor"—Miss Burnett sums up in this sen-tence exactly what Paine's Celery Compound

Wells & Richardson Co., Burlington, Vt. Gentlemen:—"Paine's Celery Compound is certainly the acme of perfection in restoring a worn-out person to the old vigor. Last spring I worked very steadily, often from twelve to fourteen hours a day. I had enjoyed good health until that time, but soon found that excessive labor with irregular meals and too little rest told on my health. I became nervous and irritable, suffered from headache, heartburn and indigestion, with loss of memory, and at times everything would become black before my eyes. One of my club friends had been restored through would become black before my eyes. One of my club friends had been restored through the use of Paine's Celery Compound and's decided to try it and was agreeably surprised to find how soon it relieved me and assisted nature to perform her work and restore me to a normal condition. Within three weeks I felt well and strong again and I have had no trouble since."—Josephine Burnett, 300 Benolst Bidg., St. Louis, Mo., President St. Louis Young Woman's Literary Club.

When you stop and think of it-there must be a pretty good reason for Paine's Celery Compound being the most universally used tonic in the

world for over 17 years.
Some few years ago the formula of Paine's Celery Compound was sent to every registered doctor in the United States (it is always sent to registered doctors on request)—that is why it is constantly prescribed by broad-minded doctors

Remember this—Paine's Celery Compound is the prescription of one of the most famous physi-cians known in medical annals—Prof. E. E. Phelps, of Dartmouth University.

All reputable druggists recommend and sell Paine's Celery Compound.

The plan of the American Society of Equity is the most practicable I have yet heard, and only requires every farmer to attend to setting the prices on his own product, and let the manuface to attend to setting the prices on his own product, and let the manuface and merchanis do the same. The American Society of Equity will issue 240,000 copies of its paper. The UptoDate Farmer," on December 1st, and distribute them over the dark tobacco bet of Virginia and Kentucky.
